As a property owner, tenant, or person who has requested notice, please be advised that the Planning Commission will hold a public hearing to approve, conditionally approve, or deny an application to modify an existing Wireless Communication Facility that consists of the removal of three (3) existing antennas currently located on park's flagpoles and the installation of a 45-foot-tall mono-eucalyptus tree concealing twelve (12) antennas and twenty-four (24) Remote Radio Units. The equipment associated with this project will continue to operate inside the existing 294-square-foot equipment enclosure with the addition of three new interior equipment cabinets. The application was filed on June 8, 2015.

The decision of the Planning Commission is final unless appealed to the City Council. In order to appeal the decision of the Planning Commission you must be present at the public hearing and file a speaker slip concerning the application or have expressed interest by writing to the Planning Commission before the close of the public hearing. Please do not e-mail appeals as they will not be accepted. See Information Bulletin 505 "Appeal Procedure", available at [www.sandiego.gov/development-services](http://www.sandiego.gov/development-services) or in person at the Development Services Department, located at 1222 First Avenue, 3rd Floor, San Diego, CA 92101. This project was determined to be categorically exempt from the California Environmental Quality Act on November 18, 2015 and the opportunity to appeal that determination ended December 3, 2015.
